Note on Estimated Fund Transfer Timelines:

If a fund transfer request is received by Citibank on a day that is not a business day or is received on a business day after the established cut-off hour (as may be determined by Citibank from time to time), it will not be processed until the next business day.

For domestic transfers, if a fund transfer request is received by Citibank on a business day before the established cut-off time, the fund(s) will reach the beneficiary bank on the same day, while for cross-border transfers, it will take about 5 business days to process. The transfers may sometimes take more time to reach the beneficiary due to circumstances beyond the control of Citibank or any intermediary or beneficiary bank handling the transfer (for example, additional time may be required by one or more institution's fraud screening procedures or compliance procedures for anti-money laundering, economic sanctions or similar laws and regulations). Information on the cut-off hour could be made available to clients by their Bankers, upon request.
